Dr Zhuang Huijuan

South China Normal University

Biography

Dr Zhuang Huijuan is an associate professor and master's degree supervisor at South China Normal University. She is also a part-time doctoral supervisor at Lingnan University. Currently, she serves as the Vice Dean of the International Business School at South China Normal University and the Deputy Director of the Research Base for Cross-border Education Quality Assurance of the China Education Association for International Exchange. She is the person in charge of a national first-class course and an expert reviewer for the Ministry of Education's assessment and evaluation of Sino-foreign cooperative education programs, a communication reviewer for Sino-foreign cooperative education, and an expert for the National Assessment Center for Undergraduate Teaching Quality of Ordinary Higher Education Institutions. Her main research areas focus on the theory and practice of educational internationalization, with a specialization in the assessment, evaluation, and quality assurance of educational internationalization. She has presided over and participated in nearly 20 provincial and ministerial-level research projects, published more than 30 academic papers, authored one monograph, and received honors such as the "Outstanding Teaching" and "Excellent Teacher" awards from South China Normal University.
